Pavement Repair Portland Cement Concrete (Cont.)

3.2 The attached bid chart lists plant locations established in district two's 14 County Region. If you have plant locations not listed or phone numbers listed incorrectly, please correct the information as needed. If you need more room for your corrections, feel free to use the VENDOR NOTES section on page 7 for any additional comments.

3.3 The bid chart has an ADDITIONAL COMMENTS section. Use this area to list any additional charges for items such as: short loads, charges for beyond local areas, winter hours include dates or times, hot water, calcium content, or other pertinent pricing information. As a reminder, any additional charges listed, will alter your initial base price, as low bid will be determined during the vendor selection process (per project). If you need additional space for your comments, use the VENDOR NOTES section on page 7.

3.3.1 **Short loads** (less than 4 yards) are ordered by MoDOT, it will only be the last load to finish the day or project. Take this into consideration as you enter your short load costs in the additional comments section, as this higher charge will be calculated into your base price during the vendor selection process.

3.4 Due to various project locations, MoDOT reserves the right to choose a supplier, based on availability and cost, in respect to plant location in any given area. In case of tie bids, once again MoDOT reserves the right to select supplier based upon location and availability.

4.0 ORDERS AND DELIVERY

4.1 When an order is placed, MoDOT will give the vendor an estimated quantity needed. In order to finish a daily project on time, in addition to, giving the vendor proper notice of quantities needed, the exact quantity needed is unknown due to the depth of the pours being unknown until late in the day. MoDOT reserves the right to increase or decrease the estimated quantity.

4.2 When an order is placed, MoDOT will request commitment and time of delivery for that day's project. If a verbal commitment to deliver within two hours **cannot** be met, MoDOT will proceed with the next low bidder listed on the bid chart. The original low bidder will be contacted once again the next morning for the next day's work.

4.2.1 When the low bidder commits and does not deliver the order within two hours with no apparent breakdowns causing the delays, MoDOT reserves the right to cancel immediately and move to the next low bidder for rest of the week or until the project is completed, which ever occurs first.

4.2.2 If low bidder commits and begins the delivery process, then plant breakdowns occur or problems with the hauling equipment occurs beyond the vendor's control, MoDOT reserves the right to proceed with the next low bidder for that day's project. When this occurs, MoDOT will use the new vendor's fixed unit price, in addition to including an additional cost additive price to assist the new vendor with his operation costs due to the one-day event. Additive pricing is as follows:

4.2.2.1 If one load is needed to finish the daily project; an additional \$100 bonus will be paid for that load.

4.2.2.2 If two loads are needed to finish the daily project, a \$100 bonus will be paid for one load and only \$50 for the other load, totaling \$150 for that day.

4.2.2.3 If three loads or more are needed to finish the project, no additional bonuses will be paid.

4.3 If low bidder consistently abuses the two-hour commitment clause, causing the Concrete Crew to be shutdown for long periods of time, MoDOT reserves the right to proceed with the next low bidder the **REST OF THE SEASON**.

5.0 PAYMENT

5.1 Invoices for each project MUST include the project location information (Route, County, etc.) on the face of the invoice. This will facilitate the Concrete Supervisor in processing payment in a timely fashion. Mail invoices to:

The undersigned Contractor or his subcontractors, if any, shall give written notice of their commitments under this clause to any labor union with which they have bargaining or other agreements
- b. The Contractor shall comply with the Regulations relative to nondiscrimination in federally-assisted programs of the Department of Transportation, Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.

Should the MHTC exercise its right to cancel the contract for such reasons, cancellation will become effective upon the date specified in the notice of cancellation sent to the Contractor.
- b. If the MHTC cancels the contract for breach, the MHTC reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as the MHTC deems appropriate and charge the Contractor for any additional costs incurred thereby.

Bankruptcy or Insolvency

- a. Upon filing for any bankruptcy or insolvency proceeding by or against the Contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assigned the benefit or creditors, the Contractor must notify MoDOT immediately.
